IBM Cloudant DB Output

The screenshot displays the IBM Cloudant web interface for a database named 'sensor_data'. The left sidebar contains navigation links: All Documents, Query, Permissions, Changes, Design Documents, and a Log Out button at the bottom. The main area shows a list of documents in a table format. Each document has a checkbox, a document icon, and three columns: id, key, and value. The documents are sorted by key. The table includes 10 rows of data, each representing a sensor reading with a unique ID, key, and a JSON value containing revision and timestamp information.
